LIST OF SEPTIC TANK PUMPERS

Below is a list of septic tank pumping companies who operate in Montgomery Township. This listing is for informational use only, and does not represent any specific Health Department endorsement. In addition, there should not be any implications derived from the order in which the companies are listed.

Finally, the omission of a septic tank pumper from this list does not mean that the company is not qualified, capable, competitive, or willing to do work within the Township. From time to time this list will be amended to reflect newly added companies, or to delete those who request removal from our list. This is a partial listing of septic tank pumpers, and represents only those who are most active in the Township. Any questions, please contact the Montgomery Township Health Department.
